

STATEMENT
Final Exercise in Three-Dimensional Modeling and Visualization in
Architecture

Faculty of Architecture of the University of Lisbon
Lisbon, October 12, 2023

“DRAWING BY BUILDING, BUILDING BY DRAWING”

EXERCISE PHASES:

- 1.** The student is expected to **use a project developed in previous academic years.**
- 2. Model this project** with the help of Autocad.
- 3. Produce images with some realism in 3d Studio Max that allow you to explain the project in question.**

SCHEDULE:

Class 4 - October 19, 2023: presentation of the chosen project;

Class 7 - November 9, 2023: delivery of the three-dimensional model of the project;

Class (to be defined) – delivery and discussion of the final work.

During classes, a moment will be reserved to clarify doubts and **monitor the work** to be carried out.

Eugénio Coimbra
Guest Assistant Professor
